

# MAKE CAPITALISM HISTORY!

Global elites will meet in Istanbul between 28th September – 7th October to discuss their new plans for exploiting all humanity and the world. For this reason we organized an extremely festive action programme.

We're inviting everyone -who has a problem with capitalism and the global destruction it created - to the streets and calling everyone to make Istanbul hell for the IMF & the WB!

## **RIOT TIME FOR ISTANBUL**

1st October – We're in the streets against the Social Security Law!
